The National Curriculum forms the basis of the curriculum at Kew Woods Primary School identifying what pupils are expected to know and understand.

However, our additional school curriculum provides our pupils with wider knowledge, skills and understanding unique to our school.

## **Basic Principles**

1. Learning is a change to long-term memory.

2. Our aims are to ensure that our pupils experience a wide breadth of study and have, by the end of each key stage, long-term memory of an ambitious body of knowledge

## Curriculum Design

Based on evidence from cognitive science, learning has not taken place until it is in the long term memory.

Within our curriculum, retrieval of previously learned content is frequent and regular, which increases both storage and retrieval strength.

Retrieval practice of previous knowledge is built in to promote learning.
